WHO WE ARE

Since 1976, NORAMCO has been instrumental in the export of hundreds of millions of dollars worth of materials and supplies from the United States to customers around the world.

With many customers, NORAMCO is able to deliver promptly and competitively, quality items, relying on a database of more than 5,000+ vendors established through more than 35 years of operation.

WHO WE ARE

NORAMCO was established for the purpose of providing *full procurement and export solutions* to companies around the world, incorporating under one roof all the functions of purchasing, warehousing, crating, shipping and financing, thus providing clients a turnkey service with a single point of contact. To Certified Quality Standards.

NORAMCO has over 100 Years Experience

Our company has over 100 years of accumulated experience and knowledge within our staff of procurement specialists, allowing us to identify quickly and efficiently sources from our vast database of suppliers and vendors.

NORAMCO has accumulated Purchasing Power

Because of our accumulated purchasing power, originating from large Purchase Orders and existing blanket purchase agreements, we can offer all of our clients the benefits of competitive pricing and efficient deliveries.

Expedited Quoting

NORAMCO responds Quickly and Accurately

Our vast database allows us to prepare in a prompt and exact manner the requests for quotes solicited by our clients, providing quick and reliable data to the end users, in order to facilitate bidding and purchasing functions.

Financing

NORAMCO Offers Short and Long-Term Financing

Through the facilities provided by the Export Import Bank of the United States, we have our own in house policy, which allows us to offer both short and long-term competitive financing for the products we sell to clients around the world.

Consolidation

We have the capability to store and consolidate cargo at our facility, thus avoiding the need, expense and delay of using a freight forwarder to finalize shipments.

Quality Inspection

NORAMCO Receives and Inspects All Cargo at our own office and warehouse facilities.

We receive and inspect all cargo and materials, taking the necessary steps to verify contents for counts, quality and adequacy of materials. You can be assured of Quality.

NORAMCO Negotiates Directly with Carriers

We negotiate directly with Air, Ocean and Land Carriers, combining both the delivery requirements as well as the pricing options available, in order to provide competitive and time sensitive services to our end clients. Noramco's close proximity to the largest volume export seaport and one of the busiest airfreight terminals in the United States affords our clients advantages few others can match

**Oil & Gas
Mining & Refining
Construction
EPC
Government
Prime Contractors**

We know the importance of timely and competitive deliverance of materials and spare parts. From Wellheads and Production Trees to Valves, to BOP's, from Drill Pipe to Casing, from Elevators to Casing Tongs, just to name a few we are ready to satisfy all your needs upon request.
